Thank you for your interest in American Home Inspectors Training (AHIT).

American Home Inspectors Training has been the leader in home inspection training since 1993. At AHIT, our mission is to provide you with industry-leading training and support to help you to realize your full potential in the home inspection industry. Whether your goal is to start and operate your own successful home inspection business, or to become a contributor in an established home inspection business, we are here to help you from your initial conversation with us, through the duration of your training, to the end of your home inspection career.

Obtaining a professional home inspection is an important step for a home-buyer. As an AHIT Home Inspector, you will have the ability to inspect a home thoroughly and professionally, giving the home-buyer peace of mind and the information needed to make an informed decision.

Our step-by-step home inspection training, marketing education, and technical support services, provide you with the knowledge and tools you need to grow your home inspection business. We offer straightforward, honest, and helpful guidance tailored to your needs.

We invite you to page through this catalog to learn about our training and everything that we have to offer you. Should you have any questions, or want to get started with our training, we are just a phone call away.

We look forward to being your partner as you launch your home inspection career!
ABOUT AHIT

American Home Inspectors Training Institute is the largest provider of home inspection training in North America and has been training professional home inspectors for over 25 years.

AHIT’s extensive experience in educating and supporting thousands of home inspectors, coupled with our wide variety of innovative products and services for those involved in the home inspection industry, gives students the knowledge and the tools needed to start their own successful home inspection business or to become significant contributors in existing home inspection businesses.

A home inspection is an all-encompassing examination of the condition of a home, and is often performed at the time of the sale of the home. A home is one of the largest and most important purchases one will make, so it is vital that an inspection is performed in order to discover the universal condition of the home and to prevent the costly mistake of purchasing a property in need of major repairs. Thus, home inspectors play a very important role in real estate transactions, and quality inspectors are needed to perform this valuable service.

Becoming a home inspector is a great way to become your own boss, and professional home inspecting is one of the fastest growing occupations in the country. Not only will the business make you the boss, it will allow you to have a home-based business with low overhead, have the ability to work your own hours, and have the potential to make a great living.

Regardless of whether the real estate market is booming or in a recession, home inspections are always needed. Real estate transactions are always taking place, and a home inspection is typically a component of these transactions, if not required. With countless buildings and homes in need of an inspection at all times, including foreclosed and repossessed homes, there is never a shortage of work for home inspectors.

THE AHIT ADVANTAGE:

50,000+
Home Inspectors Trained

Leader in
Home Inspection Training
Since 1993

Approved by:
ASHI, CREIA, TREC,
InterNACHI & others
THE FOUNDATION FOR YOUR FUTURE

Whether you require our classroom or web-based training program, instructors are available online and by telephone to answer your questions about course material, hands-on exercises, quizzes and certification exams.

ONGOING INSTRUCTOR SUPPORT

Go into business for yourself, not by yourself

Our expert instructors are always available to answer your questions about new situations you encounter in the field, business and marketing, gaining referrals, and any other type of assistance you may need throughout your inspection career.

WE’RE HERE TO SUPPORT YOU WHEN:

• You encounter a new situation while inspecting
• You need help setting up your business
• You’re unsure how to complete a report
• You need help with our software
• You need help selecting marketing materials
• You want tips on how to become more successful

BUSINESS & MARKETING TRAINING

Learn to successfully market, grow, & manage your business

AHIT provides you a blueprint for operating a successful business that includes a sales & marketing plan, inspection plan, office plan, and risk management overview. Not only will you have the skills to inspect, but you’ll also have the skills to run a great business.

YOU’LL COME AWAY WITH:

• Key steps to professionalism
• A professional 10-step marketing plan
• Ways to build a referral base
• An understanding of sales and marketing
• Communication basics
• Keys to building real estate agent relationships
• Time-tested and powerful marketing techniques
A home inspection performed by a certified home inspector is a critical component for residential real estate. AHIT’s unique, hands-on training introduces you to the goals and standards of the home inspection industry. From the moment you pull into a client’s driveway, to writing up the final inspection report, and everything in between, our industry-expert instructors will provide you with a complete set of skills to conduct a professional home inspection, as well as start and run a successful business.

The curriculum is designed to target what a home inspector should know about structures, basements, exteriors, roofing, plumbing, electrical, and heating systems in a classroom environment, as well as out in the field in real, local homes.

AHIT holds live classroom training sessions in cities throughout the United States year-round. Visit www.ahit.com to view dates and locations of upcoming sessions near you. Call 800-441-9411 or Email training@ahit.com to speak with a career advisor.

Pricing varies by location due to state requirements.
Who should attend?

Depending on the state where you reside or intend to conduct business, classroom training may be required. If classroom training is not required by your state, our classroom sessions are a great supplement to our online course materials. Call our career advisors to learn about your state’s pre-license education requirements.

TESTIMONIALS
REAL STUDENTS. REAL SUCCESS.

“Just wanted to say that the field and tech support that is offered from AHIT is the best I have ever had. Questions are answered in a timely manner and with the attitude that they are proud and happy to be there and to be able to help. You and your staff are the best.”
– Dennis, TN

“I just wanted to thank everyone at AHIT. The inspection training course gave me the knowledge and confidence to become a successful home inspector. After completing the course I applied with FEMA. I now travel the world to presidentially declared disaster areas and inspect homes that have been damaged or destroyed. I was recently deployed to Louisiana to inspect homes damaged by Hurricane Katrina. I love the work I do and owe it all to AHIT. Thank you and keep up the good work.”
– Travis, WA

“There are a lot of training programs for home inspectors, but I don’t see how any program could be better than AHIT’s. I have over 10 years of construction experience and I was astonished at how much new information there was for me to learn.”
– Paul, AZ

“If a person is serious about becoming a home inspector and passing their state or national exam, I can’t imagine where they could get any better training than AHIT!”
– Fred, OH

“I have been fortunate to attend many professional seminars. This class is without question one of the most effective that I have attended. Student involvement was strongly encouraged and exercised.”
– Marc, MO

“This class covered everything. I got every penny worth, and then some!”
– Sandie, CA
